How to set up a website as a favorite

INTERNET EXPLORER

1. From the webpage you'd like to save, click on the star icon at the top right of your screen.

2. When the menu opens, click the Add to Favorites button.

3. When the dialog box appears, you can rename the bookmark if you'd like, then click Add.

Alternatively, you can right click anywhere on the webpage, click Add to Favorites on the menu that opens, and follow step 3 to save.
